## SHOCK OF SUDDEN DEATH

### DEATH OF MRS. L. M. ALLEMAN STARILES LITTLESTOWN.

Seated in a Chair She is Seized  
with Attack of Angina Pectoris  
and Expires Quickly.

Mrs. Emma Louise Alleman, wife of Luther M. Alleman, postmaster of Littlestown, met with sudden death last Thursday evening, and her home town and many friends throughout the county were startled by the shock of the sudden passing from life to death. She had recently been a sufferer from what was believed to be an acute case of indigestion. During these attacks she would suffer much pain in chest and undergo severe choking spells, and death came in one of these attacks of angina pectoris.

Thursday evening about 8:30, while seated in a large chair in her library, in conversation with her husband, she suddenly exclaimed: "Oh, Luther, get my medicine quick; I'm getting one of those spells." The husband ran to her side and commenced to massage her left arm which usually started circulation; he then hurriedly ran for the medicine which was close by, but life had already flown. She was aged 54 years, 3 months and 5 days. Her mother died under similar circumstances some years ago.

Mrs. Alleman's maiden name was Emma Louise Weikert, daughter of the late Mr. and Mrs. Samuel Weikert of Littlestown. She was born in Mountpleasant township and was married about 30 years ago to Luther M. Alleman, living in Littlestown her entire married life. She was a member of St. Paul's Lutheran church of Littlestown and always active in church work. Twenty years ago she became the secretary of the Woman's Home and Foreign Missionary Society of her church and had continued in the position up to the time of her death.

The funeral was on Sunday afternoon the services being conducted by Rev. John Jay Hill, her pastor, with interment in Littlestown cemetery. The near relatives left to mourn her sudden departure are her husband, Luther M. Alleman, and one brother, Charles E. Weikert, both of Littlestown.

Mrs. ISABEL OHLER, widow of Geo. Ohler, died at Marion, Iowa, aged 76 years. Interment was at Cedar Rapids, where she lived many years, removing to Marion when she recently sold her home property to a railroad. Her husband died 15 years ago. RESOLUTIONS.  
Resolutions adopted by Gettysburg Lodge No. 124, I. O. O. F., on death of Robert D. Amor.

Resolved, That in the death of Past Grand Amor, Gettysburg Lodge has sustained a deep loss in its last charter member, its pioneer in Odd Fellowship—one of those noble and courageous men who struggled in his might against the ignorance and prejudices prevalent in the early days of our existence, and helped to exalt our Lodge and the fraternity at large to the position it now holds among the excellent institutions of the world.

Resolved, That the many positions of honor and trust held by Bro. Amor were always filled with fidelity and ability, and his life and services should be an inspiration to the present generation of Odd Fellows, as his memory and the recollection of his services will be cherished in their hearts.

Resolved, That the sincere sympathy of Gettysburg Lodge be extended to the family of the deceased, and a copy of these resolutions sent them.

## JANUARY CRIMINAL COURT

### CONSTABLE OF LITTLESTOWN SEIZED SLOT MACHINES

And Asked the Court to Advise Him  
What to do With the  
Machines.

The regular January Court commenced on Monday, President Judge S. McSwane and Associate Judge Geo. H. Lee and C. D. Smith on the bench. The first business was the ending of the constables who presented their returns. The most interesting return was that of the constable of Littlestown who made a special report of seizing slot machines. The constable brought the machines with him, decorating a corner of the office of the Clerk of the Courts with them and giving an appearance to that office somewhat shady.

## Reports of Constables.

T. O. Gouker, the constable of Littlestown, in his special return, stated that on Dec. 28, 1907, he had seized and taken possession of what he believed to be gambling devices, as follows: At cigar store of Francis Starr, 2 machines, one a regular card machine worked by placing a penny in the slot and pulling a lever, also a slot machine on the principle of a fan. At H. W. Martin's confectionary store and restaurant, one clock, slot machine, nicker in the slot, and receive a check in return, to be redeemed at his place of business, in trade worth a nicker, if redeemed in cash worth 1-12 cents. At restaurant and pool room of E. F. Dehoff, 3 machines, all on the slot order, supposed to be a device of gambling, and the Court was asked to advise the disposition of the machines.

The following report was made as to roads. The constable of Hamilton township reported Cold Springs road from culvert to Baldwin place about 1-12 miles in very bad condition. The constable of East Berlin reported a portion of road in said borough opposite Wiest's Grove as impassable for pedestrians and that the Council had been asked several times to repair but had not been done. In Highland township the road from Stone Church to Cumberland township line was reported out of repair, the hill known as "Wilson Hill" in bad shape and the guard rail down at bridge along Wash. Irwin's farm, near Stone Church. The constable of Conowago township presented a petition of citizens of that township for condemnation of about 11-12 miles of the Hanover and McSherrytown turnpike, the pike being in bad repair and a full load cannot be hauled over it and that it is full of holes and ruts.

One bastard was reported born in Menallen township, Katie Kuhn mother, name of reputed father not given.

A. A. Miller, constable of York Spring, and C. Roy Plank, constable of Cumberland township, were appointed tipstaves for first week of Court and F. J. Steinberger, constable of Franklin township, and Vincent Riley, constable of Freedom township, were appointed tipstaves for second week of Court.

The Grand Jury was next called, sworn and charged by the Court on their duties, L. H. Meals being appointed foreman.

Work of Grand Jury.

The Grand Jury retiring took up the work of the term, taking the following action:

Com. vs. Christian McLeary, charged with malicious killing of a dog of John Herman, was found a true bill. Case was continued to April Court, defendant having the grip.

Com. vs. Ellen Jane Freet, charged with maliciously breaking the household furniture of her husband Joseph Freet, was found a true bill. Bill not pressed on motion of District Attorney.

Com. vs. John B. Sterner, charged with the sale of liquor to Wm. F. Shadle, a minor, was found a true bill. Defendant plead guilty.

Com. vs. Frank Shultz, charged with fornication with Beulah Saylor, a married woman, was found a true bill.

Com. vs. Harry Stevens, charged with assault and battery on Clemie E. Chronister, was found a true bill. Continued, a material witness being sick.

Com. vs. George Little, charged with larceny and receiving stolen goods on oath of Clarence M. Lawyer, was found a true bill.

Com. vs. Samuel D. Hoffman, charged with rape on oath of Grace V. Case, was found a true bill.

The Grand Jury having finished their work were discharged Monday evening.

## Deplorable Depravity Case.

Com. vs. Frank Shultz, charged with fornication with Beulah Saylor was a case of the most deplorable and disgusting depravity perhaps ever heard in our Court. Mrs. Saylor lived in neighborhood of Orrtanna and plead guilty some time ago to adultery and sentence was suspended that she

might go home to take care of several small children. Four girls ranging in age from 11 to 17 years, daughters of a neighbor, testified that each had been separately invited to go to the Saylor house and there witnessed the horrible depravity of the woman and defendant. The Court in charging the jury expressed regret that the law permitted no greater punishment than a fine of \$100, if the defendant was found guilty. Jury found defendant guilty. When such awful depravity exists in the 20th century right in Adams county and not in some distant barbarous land, it is time for the people to stop and think and decide whether the time has not come for society to protect itself against such animal depravity by depriving those guilty of the same of the power of any future perpetration of such offenses.

## CITY HOTEL LICENSE.

The snarl in the application for license for the City Hotel was straightened out on Monday afternoon. J. H. Brubaker had sold out his lease to hotel to E. Levi Tittle, and latter applied for the license. Guy G. Bruner also applied for the license as explained in order to save the hotel as a license place. The Court refused to go into the question of who was entitled to the possession of hotel, that if the parties would agree on that point license would be granted, if not license would not be granted. The parties came to terms, a lease being executed by Mr. Tittle to Mr. Bruner. The application for license of Guy G. Bruner was then withdrawn and license granted to E. Levi Tittle.

## Cases Not Pressed.

On petition of John D. Keith, District Attorney, the following cases were not pressed:

Com. vs. Ross M. King, charged with seduction and fornication and bastardy by Clara Baumgardner, case being amicably settled and all costs paid.

Com. vs. Edward Minton, charged with larceny on oath of Frances Yingling, the facts not justifying a conviction.

Com. vs. Edward Minton, charged with adultery on oath of Frances Yingling, the prosecutor not desiring to press for a conviction and the evidence insufficient to justify a conviction and all costs paid.

Com. vs. Clinton Null, charged with surety of peace on oath of Benj. Clouser, settled and all costs paid.

Com. vs. Beulah Saylor, charged with keeping a disorderly house, the facts not justifying a conviction and costs to be paid by county.

Com. vs. Denton A. Dull, charged with desertion by Carrie E. Dull, the defendant being discharged by Court on habeas corpus proceedings.

Richard Marshall and Frank Cumberland, who had been convicted some ago of malicious mischief in uncoupling train on the Western Maryland R. R. last summer, and who have since been out on bail, appeared in Court and were sentenced to imprisonment for thirty days in jail.

Current Business.

Aaron Hoffman, executor of Elizabeth A. Wisler, was permitted to pay the estate in his hands of \$2650.14 to the trustees of the Marsh Creek German Baptist congregation, to whom the estate was bequeathed after the death of Sarah Wisler, the trustees giving a bond to care and attend to Sarah Wisler as the will directed, and the money having been paid to the trustees, Aaron Hoffman was discharged as executor aforesaid.

Amos F. Bushey filed exceptions to report of viewers granting a private road to Chas. E. Pearson of Latimore township and also a petition for a review of the private road.

A distribution of the estate of Catharine Bender, late of Bendersville, was approved and Jacob W. Bender, administrator, was discharged, paying out Court \$19.55, the shares of two heirs.

The oath of office of S. Wiley Miller as County Surveyor, was filed in Court.

Horace F. Smith was discharged as administrator d. b. n. c. t. a. of estate of Emanuel Smith, late of Huntingdon township.

Report of viewers against the vacation of a road in Hamilton township from road leading from Fairfield to Fountainsdale where Stone Lane intersects said road to a road leading from Fairfield to Emmitsburg was confirmed nisi.

Distributions of proceeds of Sheriff's sale of real estate of Ambrose T. Noel and Gettysburg Springs Hotel Co., were filed and confirmed nisi.

In the matter of opening Conowago Alley in McSherrytown, report of viewers assessing damages and benefits was filed.

George J. Helman, of Tyrone township, having made an assignment of all his property in trust for the benefit of his creditors, John Kimple and W. E. Kapp, the assignees, were given authority to sell the assigned real estate, two tracts of land in Tyrone township, one containing 150 acres, and the other 12 acres.

In the partition proceedings in estate of Henry G. Orr, late of Straban township, most of the heirs accepting the referee's report the appraised value, Court set aside the appointment of trustee to sell the same and to be given in March.

Fire Company Banquet.

The annual banquet of the Gettysburg Fire Company was held last Thursday evening at the Eagle Hotel. The dining room was tastefully decorated with flags and the tables with cut flowers.

The firemen met at the Engine House with their wives and friends about eight o'clock in the evening and the procession to the hotel contained about 100 persons and when the happy assemblage were seated at the dining table, about 110 persons were present, including the firemen, their wives, and friends and invited guests, honorary members, members of town council and the representatives of the press.

The five tables well filled the large dining room and presented a most animated scene surrounded by the banqueters as they did justice to the following elaborate

After the banquet, J. Harry Holtzworth, president of the Fire Company, acted as toastmaster and a number were called upon, who responded in brief speeches and the very pleasant dinner closed with a song, which was followed by singing in the hotel parlor before the company parted for the evening.

The occasion was a most delightful one. The boys who risk life and limb in their heroic fire fighting in the hours of danger take great pleasure in this social banquet feature of the year, and the occasion fosters that esprit de corps that makes for the good and strength of the company.

Annex vs. School Building.

The Gettysburg School Board is still saying nothing and sawing wood on matter of more school room. The committee reported three available sites for building, the point on York St., the McSherry lot, corner of Carlisle and Water Sts., and Breidenbaugh lot on Stevens St. Just when the saying nothing had about reached a climax the sawing wood again began. Last week architects went over the Meade High School and they were instructed to draw two kinds of plans, one for an annex building to the Meade High School, a wing westward and another for a separate building. So far as the architects expressed themselves it was that an annex would cost as much as a new building, but the difference would be, the Meade High School ruined for light, ventilation, etc., while another building elsewhere would give more complete school plant. If the money must be spent for added school facilities let it be done right in a separate building, in a section of town where there are no school buildings now and large enough for many years to come.

## Dynamite Explosion.

The contractors building the State road bought the frame office building of S. H. Eicholtz and moved it to Kecklers Hill. It contained 10 lbs. of dynamite, 1200 cays, a stove and the dinner buckets of the men. In some way the hot stove set off the caps and there was an explosion Monday afternoon distinctly heard in town. The building was blown to atoms, but no one was close enough to be injured. The house of George Plantz was so shaken as to knock down plaster in some of the rooms.

# 17TH ANNUAL SCHOOL DIRECTORS CONVENTION. CONTINUED FROM PAGE SEVEN.

Some of the directors who came in the morning for one day registered, which brought the number up to 152. After music, "Old Folks at Home," in view of the fact that the Hon. R. B. Tetrick was in the convention, and had explained very fully recent school legislation, the Legislative Committee did not make a report.

Hon. R. B. Tetrick spoke at length on "The School Director's opportunity." Who is responsible for poor schools? Some people say the teacher, some say the citizens and there are those who say the Superintendent, or the fact usually rests with the director who levies the tax, who divides the wages, who employs the teachers, who furnishes the text books, namely the director. You men have a great influence in making your schools a success.

Nobody stands first in importance but the school board. We must never ignore a good business principle. Nothing brings less returns than poor schools, poor teachers and poor equipment. If teachers are placed properly there will be more success in their work and less failure. You must never lose sight of the business side of anything. Give a little thought and attention to child character. Pay attention to equipment. Buy good books. Teachers who do not have the proper equipment lose their grit in the community. Buy your books and your supplies early and get the best. It is false economy to buy poor pencils or paper. Good teachers and good equipment must and will bring good results. If someone occasionally examined the children's books they would be better kept. A zealous, qualified and inspired teacher is the teacher to employ.

There are four things that will see a director through in everything that he undertakes to do, think, act, love, trust.

At this point there was a solo by Miss Ruth Clutz. The lady responded to an encore.

Dr. Noss occupied the last period of the session on "Facts and Fallacies." The teacher for the school and the director finds the teacher and the two make the schools. Directors are the persons to build these new schools. Good things do not come cheap. Thoroughly good training is expensive. Teachers teach and make their salaries and that is about all. Put more into the quality of the work. Education is too cheap. We have too many old guide posts in our way. All forms of work, social, financial, educational and even farming have been transformed. The country girls need the same educational advantages as the city girls. Our schools are not common because the burden is not common. We want a public school that is up to the times. We do not want to cast any reflections on any school in noting that Westmoreland county ranks fourth in her salaries for women teachers. We have no law to protect good teachers.

The Doctor said this was an inspiring convention, from the manner in which the body of men took hold of the work and grappled with the ponderous questions coming before them.

## Memorial Resolutions

The Memorial Committee presented the following resolutions which were adopted:

Your committee has been called upon by the hand of Divine Providence to record the death of two active directors which have occurred since the meeting of this organization of one year ago, namely, John V. May, President of the School Board of Latimore township, and W. Scott Morrison of Menallen township.

Resolved, That we with the humility of one on bended knees set aside our wishes and meekly submit to that ever higher Ruling Power, who doeth all things well.

Resolved, That in the loss of these two brothers we feel that the directorate has lost faithful and efficient men and their localities good citizens.

Resolved, That we extend our humble sympathies to those who mourn.

Resolved, That these resolutions be entered upon the minutes of this convention and a copy be sent to each home.

Resolved, That we thank the Giver of every perfect gift for the restoration to health of our genial, worthy and faithful superintendent, Prof. H. Milton Roth.

## Resolutions

The committee on resolutions reported the following resolutions which were adopted:

We, the School Directors of Adams County assembled in convention at Gettysburg January 20-21, 1906, do hereby agree in the following resolutions:

Resolved, That the thanks of the convention are due to the County Commissioners for the use of the court house and that we express our indebtedness to our County Superintendent, to the eminent Educators and teachers who have contributed to make this convention a success.

Resolved, That we heartily commend the teachers of our county in organizing the Principals' Association, the Rural Teachers' Association and the Primary Teachers' Association, for the promotion of the good of our public schools in general.

Resolved, That we heartily commend the action of the State Legislature and of Governor Smart in creating an Educational Commission to confer with existing school laws of the state and to recommend new school legislation.

Resolved, That we commend a special effort on the part of the teachers and school superiors to bring the home and school in closer relation.

Resolved, That we heartily endorse the movement of the State Department of Agriculture in establishing movable schools, and a series of lectures for the instruction of farmers, and that we commend the operators for instituting agriculture as a branch to be taught in public schools.

### THE MIDWINTER OUTING.

This is the time for the midwinter outing. A dash of summer in the midst of winter is an agreeable variation. It makes for health and pleasure and stimulates vitality.

For the extended trip, Southern California, the fruit and flower land of the Pacific Coast, offers unrivaled attractions.

For the fortnight's trip, Florida, the summer garden of the Northern winter, bids you come and enjoy its genial sunshine, its tropical scenes and its out-door life.

For the ten days' outing, Pinehurst, Camden, Aiken, Augusta Southern Pines and other popular resorts in the pine belt of the Carolinas and Georgia offer many inducements.

For the short trip—the week-end outing—Atlantic City is always attractive. The same breezes that depress the thermometer in summer seem to keep it up in winter. It offers great hotels on the ocean's edge, out-of-door life on land and sea, and a climate full of snap but shorn of the winter severity.

Before deciding on your midwinter outing consult a Pennsylvania Railroad Ticket Agent and get a Pennsylvania Railroad Winter Excursion Book. Whether you select California, Florida, the Carolinas, or Atlantic City, the Pennsylvania Railroad offers a comprehensive train service, reasonable rates and ticketing arrangements, and the best facilities that modern transportation methods can provide.
